Contact: 519-578-3640 or beckettschool@wlu.ca or catherine_hewson@yahoo.ca

Description of Course:

The goal of this course is to assist students in attaining facility at the keyboard and enabling them to pass the Equivalency Exam requirement.

Using a methodical approach and suiting the individual needs of students, this will be accomplished through various assignments designed to build technique and sight reading skills at the piano. The instructor will also help students learn a variety of repertoire. Students who have prepared all of the necessary requirements, may take the examination at the end of the course.
